Falcons, never giving up and powering through is a skill you develop by showing great courage during tough times. If you've ever faced a long-term challenge and kept going, then this word is for you. Our word of the week is implacable. To be implacable is to be tireless, to be relentless, and to be unstoppable. It means you don't back down when facing a challenge or when having your beliefs questioned. Here it is in a sentence: "When her parents told her she couldn't become a lawyer, the student became implacable. She grit her teeth, studied hard for many years, and through willpower and hard work, realized her dream of becoming a lawyer. See the display case outside the office for more information about the Word of the Week.
